Communication Slack, Teams, Jira. Worked in a scrum environment

EXPERIENCE

Jul 2013 – Present Technical Co-founder, *Drive Revenue*
Built an accounting & practice management system for lawyers from scratch. Built large parts of it solo, as well as leading a team to continue development. Built a GraphQL server, C# ORM for Postgres & MS SQL Server, mobile apps. Currently maintaining the system for existing clients.

Feb 2011 – Jun 2013 Developer, *DVT*
DVT is a dev agency. Maintained a loans management system for the largest non-bank lender in South Africa & was part of a team who built a new insurance broker management system for a large high-end insurer.

Jan 2009 – Jan 2011 Developer, *(Various)*
Worked for 3 different orgs who all sold accounting software to SMEs which I customized to fit client needs.

EDUCATION

2004-2007 BSc Hons (4-year bachelor's degree), University of KwaZulu-Natal (South Africa), majoring in Biochemistry

MCPD (Microsoft certified professional developer)

DVT needed extra points for the MS gold partner program
